Chief, Intelligence Training Division

Weekly Report

Submitted herewith is the report for the week ending 10 September:

1. BIC(I) #13 began on 8 September with 54 trainees enrolled. The following Agency Offices are represented: OCD, 15; OMR, 12; O/O, 6; FDD/OO, 7; OSI, 4; OGI, 1; JOT's, 7. The class includes a Captain from the Directorate of Air Intelligence and an Ensign from ONI.

2. Arrangements have been made with [REDACTED] to join the staff of the Intelligence School for a few months. [REDACTED] is a JOT who attended one of the earlier classes of the School. He made a good record and was regarded by the staff as one of the most promising students we had. I think he can be very useful to us and that he will profit by the experience.

3. The Reading Improvement Branch currently has 108 trainees enrolled in 6 training courses. New Agency classes are scheduled to begin on 14 September.
